COUNTY MANAGER’S REPORTS

County Manager Sauer updated the Board regarding USDA ambulance financing. He stated that the application for financing four new ambulances has been approved by USDA Rural Development in follow up to the Board’s action on August 22nd in Aulander. The next step in acquiring these vehicles and equipment is the development of specifications for the request for proposals, which is currently being coordinated by Mr. Cooper and Mr. Roberson. The application is moving forward, and looks promising for Bertie County.

Also, he noted that the Bond Anticipation Note sale for Water District III in the amount of $1,717,000 is now complete.

Lastly, Mr. Sauer updated the Board on the latest discussions surrounding the Board of Education, and estimated $500,000 budget shortfall.

County Manager Sauer shared that as he has reflected on the recent joint meeting with the school board, and the reported $500,000 budget shortfall, in addition to the school system’s fund balance which has dropped to less than $85,000, he indicated that it is incumbent upon the governing body to be proactive regarding the current financial condition of the school system.

Mr. Sauer reported that he had a couple of conversations with the County Attorney this morning regarding the County’s fiduciary responsibilities for school finances and a copy of the pertinent General Statute has been distributed to the Board, noting that the Board of Commissioners has the full authority to review all aspects of the school system’s fiscal operations.

As we have heard from the Interim Superintendent, with the Board of Education during the joint meeting on September 26, Mr. Walker indicated that he had been misled and been lied to regarding the financial condition of the school system prior to accepting the position as interim superintendent, explained Mr. Sauer.

County Manager Sauer presented a recommendation that the Board of Commissioners consider a motion to request an immediate meeting with the school system’s auditors, and contact the NC Department of Public Instruction and the NC Local Government Commission in the State Treasurer’s Office for assistance.

Commissioner Wesson made a MOTION for the County Manager to move forward with a letter to the Board of Education, the NC Local Government Commission, North Carolina Department of Public Instruction, as well BCPS Attorney Rod Malone, regarding the budget shortfall regarding the budget shortfall and the next steps. Commissioner White SECONDED the motion. The MOTION PASSED unanimously.

County Manager Sauer notified the Board that Albemarle Regional Public Library Director, Teresa Cole, has officially retired from the library system. He stated that the Library Board is in the process of hiring an interim director until a permanent replacement can be secured.

Also, County Manager Sauer reminded the Board of the pre-construction conference for Water District III will be held on Tuesday, September 27 at 11:00 AM inside the County Commissioners Room at the County Administration Building.

The Board then began addressing the rest of the agenda topics and action items.

- ECU homework and proposed schedule and names
- Administration building suggested lettering
- Tobacco & Smoking restriction options
- Perdue Farms decision by NCPTC
- Environmental Enhancement Grant guidelines
- ABC “mixed beverage” NC General Statutes
- Recreation survey examples
- Travel Policy

**DISCUSSION**

**NC Property Commission pending appeal from Perdue Farms**

Tax Administrator, Jodie Rhea, was present for this discussion.

County Manager Sauer began with the notification that Perdue Farms was planning to file an appeal of the latest decision the Property Tax Commission to dismiss their first 2012 revaluation appeal.

Tax Administrator Rhea notified the Board that he had also received word on September 8th to inquire about whether or not the Board would be interested in meeting to resolve this matter rather than taking it to the NC Court of Appeals.

After some discussion, the Board came to a consensus that they would wait to see if Perdue filed a notice of appeal.

**Guidance on Board of Education’s request and schedule joint meeting**

County Manager Sauer briefly summarized the most recent joint meeting that took place with only a few members of each Board on August 24th.

In that meeting, the Commissioners were notified that the Bertie County Public School System has discovered an estimated shortfall of at least $500,000 for the new academic year with impacts for nearly one hundred staff. This would be broken down into monthly payments of $42,000 over a 12-month period.
During today’s discussion, the Commissioners expressed their concerns about the school system’s current audit in progress, as well as their desire to see serious consideration being made to the consolidation of the Early College and the new Bertie High School.

Vice Chairman Bazemore stated that “a lack of planning on their part does not equal an emergency on our part,” and that she hoped the Board of Education would be more open at this point to consider more dramatic cost saving strategies.

A short discussion ensued regarding the Board of Education’s latest comments about why the Early College and Bertie High School could not be combined onto one campus. The general feedback received was that this practice was not allowed under NCDPI provisions. County Manager Sauer then brought forth evidence of the contrary where this has been successfully implemented in other counties via a waiver from the NCDPI.

In order to address the concerns of both Boards, Commissioner Lee made a MOTION for the County to provide the first payment of $42,000 with some contingencies in order for the school system to receive the next payment. Additionally, the motion also addressed a proposed meeting date of Monday, September 26th a 9:00AM for both Boards to meet and discuss appropriate strategies to address the shortfall including a potential “equity proposal and partnership.” Commissioner Wesson SECONDED the motion. The MOTION PASSED unanimously.

Per additional conversation, the County Manager is to prepare a letter listing the following conditions that will apply to the motion stated above:

- Joint meeting to review the earlier discussions which occurred in the interim Superintendent’s office on August 24th for the benefit of both Boards since only five of the ten elected officials were present that day.

- Auditor’s preliminary report for the fiscal year ended June 30, 2016 to include initial findings or concerns regarding the school system’s current cash position.

- Steps toward campus consolidation beginning with the transfer of the Early College Program to the new high school or the 900 building on the former high school campus. As reported to the governing body on September 14th, in January 2016 the State approved eight (8) location waivers for the requirement that the Early College programs be housed on a separate campus, in most cases due to lack of space at the local community college in various local school systems.

- To facilitate the joint vehicle maintenance and fuel purchase initiatives, fifty percent (50%) equity or ownership of the fuel tanks and the new bus garage and related equipment will be transferred to the County. Oversight for bulk fuel purchases for gasoline and diesel fuel will be supervised by the County.

- Transfer of title and ownership of the former South West middle school campus (Early College high school) to the Bertie County Board of Commissioners for the consideration of $1.00.

RECONVENE

Chairman Trent called the meeting to order.

ANNOUNCEMENTS

Assistant County Attorney, Jonathan Huddleston, announced that Clif Smith welcomed his first child with wife, Peggy, this past weekend. Their new daughter’s name is Isabella.

County Manager Sauer notified the Board that Albemarle Regional Public Library Director, Teresa Cole, has officially retired from the library system. He stated that the Library Board is in the process of hiring an interim director until a permanent replacement can be secured.

Also, County Manager Sauer reminded the Board of the pre-construction conference for Water District III will be held on Tuesday, September 27 at 11:00 AM inside the County Commissioners Room at the County Administration Building.

The Board then began addressing the rest of the agenda topics and action items.
• Change in legal counsel for the Board of Education to use a local attorney.

• Report to the Board of Commissioners regarding academic performance and end of grade (EOG) testing for all grade levels.

• Report to the Board of Commissioners regarding average daily membership as of the 10th day September for the number of students enrolled as compared to the same figure from one year ago.

• Report to the Board of Commissioners regarding Central Office staffing and recent rotation of program directors and principals.

Refrinement of the housing project initiative and operational sustainability

In light of Mr. James Eure’s presentation (as a representative of Partners for Hertford County Public Schools) at a recent Board meeting, decisions are necessary regarding the organizational structure, and oversight for day-to-day operations.

County Manager Sauer also reminded the Board to consider the current needs being addressed by the old DSS Building as a storage space for various County Departments. He also recommended that the Board address potential options to replace this space, and have those costs be incorporated into the planning process. Lastly, there is the issue of destroying or relocating county records currently being stored at the site.

Assistant County Attorney, Jonathan Huddleston, also addressed various legal matters surrounding the project including land deeds, the advantages of a non-profit, corporation, or foundation in securing the project more efficiently.

Hotel project

This item was tabled.

Public Buildings---project updates

The Board was taken on a brief tour of the new Sheriff’s Office as they were already meeting in the Sheriff’s Office Board Room. Staff was settling in well. Some items still need to be addressed, but overall, the new Sheriff’s Office was ready for move in when it began in mid-September.

County Manager Sauer reported that Courthouse renovations were underway. It was stated that painting had begun on first floor of the courthouse, and once that is completed, the second floor would receive the same treatment.
Next, County Manager Sauer reported that he had receive tenant requests from the renters inside the DRC building on Granville Street. The requests pertain to ADA compliance repairs and building security concerns from the Probation Office.

Commissioner White made a MOTION to approve $13,000 in additional contingency funds to be added to the Public Buildings budget to address these issues. Vice Chairman Bazemore SECONDED the motion. The MOTION PASSED unanimously.

Lastly, County Manager addressed the latest actions with addressing HVAC related concerns inside the Administration Building. He reported that all HVAC work had been completed, and that the attic of the building had been cleaned and sanitized. The Board also came to a consensus of the positioning of lettering on the Administration Building on the Dundee Street side of the building.

Non-Emergency Transport

The Board discussed an office relocation for the Non-Emergency Transport Division from its existing space in the DRC building to the former Sheriff’s Office building on Dundee Street.

Parking behind the DRC facility is very cramped with 3 to 4 ambulances, plus staff vehicles. The offices in the DRC building are well suited for the appraisal team who will be on site for 18+ months during the revaluation process.

Commissioner White made a MOTION for the Non-Emergency Transport Division be relocated to the old Sheriff’s Office Building, as is. If there is any expense for painting or carpet, it be absorbed by the department budget. Commissioner Wesson SECONDED the motion. The MOTION PASSED unanimously.

Revaluation

Tax Administrator Jodie Rhea was present for this discussion.

Effective January 1, 2020, the County will begin its thirty-six (36) month process in January 2017 with the announcement to receive proposals by the County, followed by the RFP selection process for the mass appraisal contractor. Contractor responsibilities will include development of the schedule of values, field work by appraisal staff for the 18,300 parcels, informal & formal appeals and final notices of value sent to property owners.

Regional Landfill Host Agreement

The Board set a calendar for developing negotiating criteria for renewal of the twenty (20) year franchise and landfill host agreement for Republic Services, which expires in mid-October 2018. The Board also requested that Republic Services Representative, Josephine Aiken, return to a Commissioner meeting to address various citizen concerns.

Conditions

The North Carolina Department of Natural and Cultural Resources (hereinafter called the "Department") and the County of Bertie (hereinafter referred to as "Grantee", and together "Parties" or "Party") agree to comply with the terms, promises, conditions, plans, specifications, estimates, procedures, project proposals, maps, and assurances described in the North Carolina Parks and Recreation Trust Fund (PARTF) Administrative Rules and Grant Application which are hereby by reference made a part of the PARTF Grant Contract, (hereinafter “Grant” or “Contract”), and which are on file with the Division of Parks and Recreation. In addition, the Department and the Grantee agree to comply with the State of North Carolina’s Terms and Conditions as listed in “Attachment A” to this Contract.

Now, therefore, the Parties hereto do mutually agree as follows:

Upon execution of this grant agreement, the Department hereby promises, in consideration of the promises by the Grantee herein, to obligate to the Grantee the grant amount shown above. The Grantee hereby promises to efficiently and effectively manage the funds in accordance with the approved budget, to promptly complete grant assisted activities described above in a diligent and professional manner within the project period, and to monitor and report work performance.

The Parties to this Contract agree and understand that the payment of the sums specified in this Contract is dependent and contingent upon and subject to the appropriation, allocation and availability of funds for this purpose to the Department.

Section I. Eligible Project Costs and Fiscal Management

1. The PARTF grant amount must be matched on at least a dollar-for-dollar basis by the Grantee. To be eligible, project costs must be incurred during the Contract period, be documented in the grant application, described in the project scope of this agreement, and initiated and/or undertaken after execution of this agreement by the Grantee and the Department.

2. PARTF assistance for land acquisition will be based on the fair market value of real property or the sales price, whichever is less. Value must be based upon an independent appraisal by a licensed appraiser holding a general or residential certification from the North Carolina Appraisal Board. The Department shall review the appraisal as to content and valuation. Approval of appraised amounts rests with the Department. The Grantee agrees to begin development on PARTF acquired land within five (5) years of the date this Contract is signed by the Department and Grantee in order to allow general public access and use.

3. Payment shall be made in accordance with the Contract documents as described in the Scope of Work (Attachment B). Payment for work performed will be made upon receipt and approval of invoice(s) from the Grantee documenting the costs incurred in the performance of work under this Contract. Invoices may be submitted to the Contract Administrator quarterly. Final invoices must be received by the Department within forty-five (45) days after the end of the Contract.
period or Contract completion, whichever occurs first. Accounting records should be based on generally accepted local
government accounting standards and principles. Records shall be retained for a period of five (5) years following
project completion, except that records shall be retained beyond a five (5) year period if audit findings have not been
resolved. All accounting records and supporting documents will clearly show the number of the Contract and PARTF
project to which they are applicable. The State Auditor and the Department’s Internal Auditors shall have access to
persons and records as a result of all Contracts and Grants entered into by state agencies and or political subdivisions in
accordance with General Statute 147-64.7. The final payment will be made Net 30 days after inspection by the
Department’s Contract Administrator.

4. The Grantee agrees to refund to the Department, subsequent to audit of the project’s financial records, any costs
disallowed or required to be refunded to the Department on account of audit exceptions.

Section II. Project Execution

1. The Grantee may not deviate from the scope of the project without written approval of the Department. When one of the
conditions in the Contract changes, including but not limited to the project scope, a revised estimate of costs, a deletion or
additions of items, or need to extend the Contract period, the Grantee must submit in writing a request to the Department
for approval. Thus Contract shall not be amended orally or by performance but only through a written amendment duly
executed by the Parties.

2. The Grantee shall be considered to be an independent Contractor and as such shall be wholly responsible for the work to
be performed and for the supervision of its employees. The Grantee represents that it has, or will secure at its own
expense, all personnel required in performing the services under this agreement. Such employees shall not be employees
of, or have any individual Contractual relationship with the Department.

3. In the event the Grantee subcontracts for any or all of the services covered by the Contract:
   a. The Grantee is not relieved of any of the duties and responsibilities provided in this Contract;
   b. The contractor shall be responsible for all Subcontractor activities including adherence by Subcontractors for
      all requirements of this Contract;
   c. The subcontractor agrees to abide by the standards contained herein or to provide such information as to
      allow the Grantee to comply with these standards, and;
   d. The subcontractor agrees to allow state and federal authorized representatives access to any records pertinent
to its role as a subcontractor.

4. In accordance with Executive Order 12549, Debarment and Suspension, 7 CFR Part 3017, Section 3017.510, the grantee
agrees not to subcontract with any vendors debarred or suspended by the State of North Carolina and shall not knowingly
enter into any lower tier covered transactions with a person or vendor who is debarred, suspended or declared ineligible.

5. The Grantee shall not substitute key personnel assigned to the performance of this Contract without prior approval by the
Department’s Contract Administrator. Scott Sauer is designated by the Grantee as key personnel for purposes of
this Contract. The Department designates John Poole, PARTF Grant Program Manager as the Contract Administrator for
the Contract. Either party may designate a different Contract Administrator upon written notice to the other party.
